We dedicate this performance to the memory of

**Peter Hooker**

Our much missed friend and Careline member.

**Mrs. Louisa Wilberforce / Suki Pollard:**

Following a risqué career in Burlesque, Suki is so happy to find her spiritual home in Careline playing 'the steady ship' that is Mrs Wilberforce!

**Professor Marcus:**

**Dennis Arthurs:**

Dennis has been with Careline since moving to Spain in 2006. He has acted and directed over the last thirteen years.

Tonight, after seeing him play Marcus, ask yourselves: 'Is he truly insane to be doing this?'

**Major Courtney / Ian Bennett:**

This is a triumphant return to the Careline Stage for Ian, having beaten Cancer for the third time in the summer. He feels his recovery is nearly complete by taking part in this play. ♥

**One-Round / Mr. Lawson: Neil Carter:**

Neil has been a member of Careline for over 10 years and has played many different characters in plays and pantomimes. He enjoys the challenge of learning his lines and coming to terms with the characters he plays.

**Louis Harvey / Richard**

**Herriott:** The "Lady Killers" is the fifth Careline production that Richard has acted in ... perhaps one day, he hopes he'll get it right !

**Harry Robinson / Ashley Anderson:**

A very young Peter Sellers played a 23 year old Harry Robinson. Our Harry is 18 year old Ashley Anderson who last appeared in the panto "Alice in Wonderland" as the hookah-smoking caterpillar. This time he is a pill-popping addict

with a strange look in his eyes

**Constable Macdonald / Michael Nicholls:**

Being a Security Guard in "The Full Monty", an Airman in "Allo, Allo", a Policeman in "The Ladykillers" and a Postman in real life, you could say he likes being in uniforms.
